## EMBARQ Launches The EMBARQ™ TOGETHER PLAN™

### *Wireless and Home Phones Marry in Las Vegas on Valentine's Day; "It Takes Two" Sweepstakes Launches in Stores*

LAS VEGAS, NV, OVERLAND PARK, KS and WAKE FOREST, NC - Feb. 14, 2007 - Two telephones, representing an EMBARQ™ Wireless and EMBARQ™ Home Phone, united in wedded bliss this Valentine's Day during a ceremony at The Little White Wedding Chapel in Las Vegas.

Bob Eubanks, famous host of *The Newlywed Game*, officiated the ceremony that joined the phones in front of well-wishers and EMBARQ employees. The wedding launched the innovative new EMBARQ™ Together Plan™, offered to EMBARQ™ customers in 18 states.

"On a day filled with love, we could not think of a better way to show our commitment to customers than to introduce a service that will make it easier for them to stay connected to their friends and family," said Harry Campbell, president of EMBARQ™ Consumer Markets.

The EMBARQ™ Together Plan™ offers unlimited local and nationwide long distance calling from the customer's EMBARQ™ home phone, 350 wireless anytime minutes with their EMBARQ™ wireless phone and unlimited calling between their EMBARQ™ Wireless and Home Phones. With one integrated voicemail box, customers are notified on both devices when they have a message and can listen to their messages on either.

In addition, the EMBARQ™ Together Plan™ has several other distinctive features - a combined bill, a single customer service number and the most popular calling features currently on the market such as Caller ID and Call Waiting for both services. There is also the option to add picture mail, more text messaging and Internet access on the wireless phone for an additional monthly charge.

Other wireless policies are standard with the EMBARQ™ Together Plan™, including no wireless activation fee for EMBARQ™ Home Phone customers, no penalty for moving between EMBARQ™ wireless plans and a 30-day-wireless satisfaction guarantee.

"The convergence of wireline and wireless platforms is the future for residential voice services. Consumers and small businesses want the convenience and cost savings of having a unified wireline/wireless plan from a single provider," said Piyush Arora, Communication Services Analyst at Frost & Sullivan, a global growth consulting company. "The launch of EMBARQ Together Plan is a step in the right direction for the company," added Arora.

"Wireless phone usage has become a vital part of the communication experience, but many people still prefer the convenience and reliability of their home phone," Campbell said. "The EMBARQ™ Together Plan™ partnership is the smartest way to bring common sense and innovation together by providing simple communication services all in one plan for customers.

No one will have to forsake convenience or reliability when choosing their communication plan.”

The EMBARQ™ Together Plan<sup>SM</sup> is currently available to EMBARQ™ customers for under \$75 a month (other monthly charges apply). Sign up and for a limited time get a great deal on a super-slim Sanyo Katana camera phone with EMBARQ™ Wireless Internet.

Customers may also stop by any retail store, call 1-888-EMBARQ2 or visit [embarq.com/togetherplan](http://embarq.com/togetherplan) to register for the “It Takes Two” Sweepstakes where they can enter to win one of two cash prizes valued at \$10,000 each, or a trip for two to the most romantic city in the country, San Francisco.
